

A Record of Results

Real Action, No Lies

My fellow citizens,

Throughout my career, I have been blessed with the opportunity to serve cities, school districts, government and public agencies by tackling tough challenges, restoring financial stability, strengthening organizations, and helping communities move forward. Time and again, I have been called upon to lead during difficult times because people knew I would bring experience, integrity, and results. I believe leadership is not about making promises, it is about keeping them. It is about being accountable to the people, making sound financial decisions, and always putting the needs of the community first. My record reflects more than four decades of proven leadership, managing multimillion-dollar budgets exceeding one hundred million, leading hundreds of employees, and helping organizations regain the confidence of the people they serve.

The following pages highlight my education and a few of the accomplishments from organizations I have had the privilege to serve throughout my career. They represent a commitment and dedication to public service, responsible leadership, and delivering real results.

Now, I am asking for the opportunity to bring that same experience and commitment home to Osceola. Together, we can build a stronger economy, improve our neighborhoods, support our families, invest in our future, and restore pride in our city.

I am not running for mayor to make history—I am running to make a difference. With your trust, your support, and your vote, we will move Osceola forward with integrity, accountability, and a vision that works for every citizen. Together, we can build an Osceola that is stronger than ever before. We can do this! I humbly ask for your vote and the opportunity to serve as your next Mayor.

Real Action, No Lies!
